

HIGH FLEX

PTX25228

RIGHT STUFF® 90 MINUTE BLACK

Combines high flexibility with heavy duty oil resistance, ideal for wide bolt patterns.

Top Applications: Oil Pans, Timing Covers, Transmission Pans, Differential Covers.

The
RIGHT STUFF®

90 MIN
RETURN TO SERVICE

Tired of waiting to road test a vehicle once the job is done? Ever had to hold a customer's car overnight just to ensure the silicone application is fully cured?

The Right Stuff 90 Minute is here to help, now available in Black, Grey and Red.

The Right Stuff 90 Minute outperform pre-cut gaskets and offers the highest blowout resistance, but they are the only squeeze tube silicones on the market that set in just 90 minutes!
